HALLYBURTON JOHNSTONE SHIELD PLAYING CONDITIONS

2023-24

The Laws of Cricket – The Preamble – The Spirit of Cricket

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws, but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, umpires and, especially in junior cricket, teachers, coaches and parents.

- Respect is central to the Spirit of Cricket:
- Respect your captain, team-mates, opponents and the authority of the umpires.
- Play hard and play fair.
- Accept the umpire's decision.
- Create a positive atmosphere by your own conduct and encourage others to do likewise.
- Show self-discipline, even when things go against you.
- Congratulate the opposition on their successes and enjoy those of your own team.
- Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

The players, umpires and scorers in a game of cricket may be of any gender, and the Laws apply equally. The use, throughout the text, of pronouns expressing a binary he/she is as inclusive as practicable, whilst retaining clarity. Except where specifically stated otherwise

HALLYBURTON JOHNSTONE SHIELD

1. THE COMPETITION

- 1.1 The Hallyburton Johnstone Shield (“HBJs”) competition will comprise a series of 10 rounds of one day matches between the six competing teams playing each other, followed by a Grand Final.

On completion of the series of ten rounds, all teams will be placed from first to sixth position according to the points obtained, or if equal on points, in accordance with HBJs Playing Condition 2.3, and the top two placed teams will proceed directly to the Grand Final.

1.2 Grand Final

In normal circumstances, the Grand Final will be played at the home ground of the first placed team after the series of 10 matches. However, NZC retains the right, at its sole discretion, to select a neutral venue for this match if it deems it necessary.

The team which wins the Grand Final shall be the winner of the competition. In the event of a no-result or a tie, the winner shall be the first placed team after the series of 10 matches.

- 1.3 Notwithstanding the provisions set out within the competition playing conditions, NZC retains the ability to manage competitions at its sole discretion, including the abandonment or postponement of matches due to Force Majeure events.

2. POINTS

2.1 Match Result

Points shall be scored in HBJs matches as follows:

Win	4 points
Tie or no result	2 points
Bonus point	1 point
Loss	0 points

2.2 Bonus Points

The team that achieves a run rate of 1.25 times that of the opposition shall be awarded one bonus point. A team’s run rate will be calculated by reference to the runs scored in an innings divided by the number of overs faced. Where a team is all out, the number of overs to be used is the maximum number of overs that team was otherwise eligible to face.

Where matches are shortened and targets revised using the DLS system, bonus run rates and defensive targets are derived as a function of the revised target score and maximum overs.

2.3

Competition Placing

In the event of teams finishing on equal points, the right to play in the grand final match will be determined as follows:

- the team with the most number of wins
- the team with the highest number of bonus points
- the team with the highest net run rate

In a match declared as “no result”, run rate is not applicable.

A team's net run rate is calculated by deducting from the average runs per over scored by that team through the competition, the average runs per over scored against that team throughout the competition *i.e. calculation of net run rate = team run rate per over less opponent run rate per over*. In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed.

In matches where play is delayed or interrupted, and the match becomes less than a 50 over per team match, the team run rates will be calculated as follows:

- (a) The team run rate for the team batting second will be the rate achieved in its innings, with such rate being based on the number of overs (HBJS Condition 13.3).
- (b) The team run rate for the team batting first will be that which was achieved from the same number of highest scoring overs as set in HBJS Condition 13.3, to be bowled to the team batting second.

HALLYBURTON JOHNSTON SHIELD PLAYING CONDITIONS

Except as specifically provided for hereafter, the 2017 Code 3rd Edition 2022 of the Laws of Cricket shall apply in all matches.

2.2.2 The umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.

2.2.3 If play is in progress up to the start of an agreed interval then it will resume after the interval unless the umpires together agree that the conditions of ground, weather or light are so bad that there is actual and foreseeable risk to the safety of any player or umpire, so that it would be unreasonable or dangerous for play to take place.

2.2.4 After first having made a manual/visual determination, the umpires shall be entitled to use light meter readings as a guideline for determining whether the light is fit for play. Light meter readings shall be used by the umpires to determine whether there has been at any stage any deterioration or improvement in the light, and as benchmarks for the remainder of a stoppage or match. Umpires shall endeavour to maximise play at all times.

2.2.5 Control of the playing area and decisions as to the fitness of the pitch, ground and weather shall come under the umpires' jurisdiction from the period commencing 30 minutes prior to the scheduled start of the match.

2.2.6 Following any inspection, the umpires will report their findings immediately to both Captains.

The umpires shall retain possession of the match balls throughout the duration of the match when play is not actually taking place. During play umpires shall periodically and irregularly inspect the condition of the balls and shall retain possession of them at the fall of a wicket, a drinks interval, or any other disruption in play. White balls will be used in all matches (including day / night matches).

In the event of a ball becoming wet and soggy as a result of play continuing in inclement weather or it being affected by dew, or a white ball becoming significantly discoloured and in the opinion of the umpires being unfit for play, the ball may be replaced for a ball that has had a similar amount of wear, even though it has not gone out of shape. Either bowler or batter may raise the matter with the umpires and the umpires decision as to a replacement or otherwise will be final.

Host Major Associations shall ensure a good selection of quality used white Turf 142g balls are available at all venues. These should be varying in overs used – up to 25 overs.

9.1.3 Choice of rollers

If there is more than one roller available, the captain of the batting side shall choose which one is to be used.

9.1.4 Prior to the scheduled time for the toss, the artificial drying of the pitch and outfield shall be at the discretion of the Ground Authority. The bowlers' run-ups shall be covered during inclement weather, in order to keep them dry, to a distance of at least 10 x 10 metres.

10.3 Removal of covers

All covers (including "hessian" or "scrim" covers used to protect the pitch against the sun) shall be removed not later than 2 ½ hours before the scheduled start of play provided it is not raining at the time, but the pitch will be covered again if rain falls prior to the commencement of play.

11. LAW 11 - INTERVALS

11.1 Interval between innings in uninterrupted match

There shall be a 30 minute interval between innings, taken from the call of Time before the interval until the call of Play on resumption after the interval.

If the innings of the team batting first is concluded more than 30 minutes prior to the scheduled time for the interval, a 10 minute break will occur, and team two will commence its innings correspondingly earlier, and the interval will occur as scheduled.

The umpires may decide to play 15 minutes (a minimum of four overs) extra time at the scheduled interval if requested by either captain if, in the umpires' opinion, it would bring about a definite result in that session. If the umpires do not believe a result can be achieved no extra time shall be allowed.

If it is decided to play such extra time, the whole period shall be played out even though the possibility of finishing the match may have disappeared before the full period has expired.

Note: In addition to above, the length of the interval may be reduced by the umpires should exceptional circumstances arise.

11.2 Interrupted Match

Where the start of play is delayed or play is interrupted and the total playing time is reduced to less than six (6) hours twenty minutes (20), the umpires may vary the length of the innings break.

The minimum innings break shall not be less than 10 minutes.

11.3 Intervals for drinks

Two drinks breaks per session shall be permitted, each one hour and 5 minutes apart. The provisions of Law 11.8 shall be strictly observed except that under conditions of extreme heat or cold the umpires may permit extra intervals for drinks.

An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken onto the field without the permission of the umpires. Any player taking drinks onto the field shall be dressed in proper cricket playing attire (and bibs).

12. LAW 12 - START OF PLAY; CESSATION OF PLAY

12.1. Hours of play

In those matches where the start of play is not delayed, or play is not interrupted then the hours of play shall be:

Day Match:

10.30am – 1.40pm	Session 1
1.40pm – 2.10pm	Interval
2.10pm – 5.20pm	Session 2

In extraordinary circumstances the start of a match may be brought forward to 10.00am with the prior mutual consent of both team captains, umpires, and the Match Manager, in which case all times stated shall be brought forward by 30 minutes.

In extraordinary circumstances the start of a match may be delayed up to 12 noon with the mutual consent of both team captains, umpires and the Match Manager, in which case all times stated shall be put back by the amount of time by which the start is delayed.

Day/Night Matches

A match may be played as a day/night match where determined by NZC. The hours of play shall be:

2.00pm – 5.10pm	Session 1
5.10pm – 5.40pm	Interval
5.40pm – 8.50pm	Session 2

Televised Matches

NZC shall have the right to vary the hours of play of any match which is televised live.

12.2 Revised Hours of Play

If there is a delayed start, or one or more interruptions in play, the umpires will order extra time to extend the timing for the cessation of play up to 45 minutes:

Examples:

Scheduled start 10.30am	Latest finish 6.05pm
Scheduled start 12.00pm	Latest finish 7.35pm
Scheduled start 2.00pm	Latest finish 9.35pm

Note: Any extra time applied should not negatively impact a team's post-match travel schedule.

12.3 Allowances

For the purposes of determining penalties, the umpires shall take the following allowances into account:

- (a) Actual time taken for treatment of an injured player on the field.
- (b) Actual time taken for a player leaving the field in the event of a serious injury.
- (c) Actual time taken to dry a wet ball, or recover a ball.
- (d) Referrals to third umpire and sightscreen changes.
- (e) Time wasting by the batting team.
- (f) Actual time taken due to a crowd disturbance or unavoidable ground delay that is not covered under traditional ground, weather and light stoppages. Any abnormal stoppage in play is covered by this allowance.
- (g) An additional allowance of 2 minutes will be given for each of the 6th, 7th, 8th and 9th wickets taken during an innings. In the event of any allowance being granted to the fielding team under (e) above (time wasting by batting team), then such time shall be deducted from the allowance granted to such batting team in the determination of its over rate.

There shall be no allowances given for drinks breaks.

12.4 Verifying Allowances

Umpires are required to verify all times for allowances and stoppages in consultation with the Match Referee and official scorers, at the end of each session of play and at the completion of the match.

12.5 Captains

The player who is nominated as the captain in any match will be deemed to be the captain should any penalties be imposed under this HBJS Playing Condition. Notwithstanding this, where a team's regular captain is playing in any match but is not nominated as the captain for that match (regardless of the reason), they may be deemed to be the captain for the purposes of bringing any charge under the NZC Code of Conduct in relation to over rate penalties.

13. **LAW 13 – INNINGS**

13.1 Duration

A match will consist of one innings per team, and each innings will be limited to 50 overs. Matches are to be of one day's duration. A minimum of 20 overs per team will constitute a match.

13.2 Interrupted Match – No Over Reduction

In an interrupted match, which includes a match where the start of play is delayed, or where play is suspended, but where it is possible for both sides to bat for 50 overs by 6:05pm or 7:35pm:

- 13.2.1 Each team shall bat for 50 overs unless all out earlier.
- 13.2.2 If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the first session, play shall continue until the required number of overs have been bowled.
- 13.2.3 If the team batting first is dismissed in less than 50 overs, the team batting second shall be entitled to bat for 50 overs.
- 13.2.4 If the team fielding second fails to bowl 50 overs by the scheduled cessation time, the hours of play shall be extended until the required number of overs has been bowled or a result achieved.
- 13.2.5 Penalties shall apply for not bowling the required number of overs as set out in HBJs Playing Conditions 13.5.

13.3 Interrupted Match – Over Reduction

In matches where the start is delayed or where play is suspended, and it is not possible to complete a 50 over match:

- 13.3.1 The object should always be to rearrange the number of overs so that both teams have the opportunity of batting for the same number of overs (minimum 20 overs each team). The calculation of the number of overs to be bowled shall be based on an average rate of 15.79 overs per hour in the time remaining before close of play at 6:05pm or 7:35pm depending on the time of the delayed start. Fractions are to be ignored in all calculations regarding the number of overs, and if the number of overs is an odd number, then the number of overs are to be rounded up.
- 13.3.2 If the number of overs of the team batting first is reduced, a fixed time will be specified for the close of its innings by applying HBJs Conditions 12.2 and 13.3.1. In the event of the team fielding second failing to bowl, if necessary, the reduced numbers of overs by 6:05pm or 7:35pm, the hours of play shall be extended until the required number of overs has been bowled or a result achieved.
- 13.3.3 If, owing to suspension of play during the innings of the team batting second, it is not possible for that team to have the opportunity of batting for the same number of overs as the team batting first, they will bat for a number of overs to be calculated as in 13.3.1.
- 13.3.4 The team batting second shall not bat for a greater number of overs than the first team unless the latter has been all out in less than the agreed number of overs. To constitute a match, a minimum of 20 overs has to be bowled to the team batting second, subject to a result not being achieved earlier.

13.4 Number of overs per bowler

No bowler shall bowl more than 10 overs in an innings. In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed.

Where the total overs are not divisible by five, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.

In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be bowled by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned. The scoreboard shall show the total number of overs bowled and the number of overs bowled by each bowler.

13.5 Over-Rate Penalties

13.5.1 The fielding side shall be in position to bowl the first ball of the final over of the innings by the scheduled (or re-scheduled) cessation time for the innings (calculated in accordance with clause 13.3.1). In delayed or interrupted matches where there has been a reduction of 3 or more overs pursuant to clause 13.3, the fielding side shall be in position to bowl the first ball of the penultimate over of the innings by the scheduled (or re-scheduled) cessation time for the innings.

13.5.2 Where this requirement is not met, clause 28.1.3 shall be varied and from the start of the next over after the point in time at which the cessation time is reached (and for the remainder of the innings) no more than 3 fielders shall be permitted outside the fielding restriction area.

13.5.3 Clause 13.5.2 shall not apply where:

13.5.3.1 *a side's innings is reduced to less than 25 overs, unless the over-rate penalty has been applied prior to such reduction; or*

13.5.3.2 *a side's innings is completed prior to the scheduled (or re-scheduled) cessation time for the innings.*

13.5.4 The bowler's end umpire shall inform the captain of the fielding side, the batter and the other umpire of:

13.5.4.1 *the scheduled cessation time for the innings prior to the start of the innings, and of any rescheduled cessation time following any subsequent interruption to play; and*

13.5.4.2 *Any time allowances pursuant to clause 12.4 as and when they arise.*

13.5.5 Over-rate penalties pursuant to clause 13.5 shall be applied in addition to the relevant provisions under the NZC Code of Conduct.

14. **LAW 14 - THE FOLLOW-ON**

Law 14 shall not apply.

15. **LAW 15 – DECLARATION AND FORFEITURE**

Law 15 shall not apply.

16. **LAW 16 – THE RESULT**

16.1 A result can be achieved only if both teams have had the opportunity of batting for at least 20 overs unless one team has been all out in less than 20 overs or unless the team batting second scores enough runs to win in less than 20 overs.

- 16.2 All other matches in which one or both teams have not had an opportunity of batting for a minimum of 20 overs, shall be declared “no result” matches.
- 16.3 In a match in which both teams have had the opportunity of batting for the agreed number of overs (i.e. 50 overs each in an interrupted match, or a lesser number of overs in an interrupted match), the team scoring the higher number of runs shall be the winner.
- 16.4 If the scores are equal, the result shall be a tie and no account shall be taken of the number of wickets which have fallen.
- 16.5 If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum 20 overs unless the provisions of HBJs Condition 16.1 applies, then a revised target score (to win) will be set for the number of overs which the team batting second will have the opportunity of facing – this revised target is calculated by the Duckworth-Lewis/Stern method (see Duckworth-Lewis/Stern Regulations - DLS).
- 16.6 At the interval between innings or whenever a revised target has been set, a printout of ‘par’ scores (the score for which if the match was abandoned the match would be tied) for the end of each over will be supplied (by the scorers) to both team’s dressing rooms and to the match umpires, and ground authority.
- 16.7 If a match is abandoned before it has been played to a conclusion and after the team batting second has received the minimum of 20 overs required to constitute a match (unless the provisions of HBJs Condition 10.1 applies), then the result shall be decided by the DLS system.
- 16.8 SUPER OVER
- In the Grand Final, a Super Over shall apply to achieve a result. The procedure for a Super Over is set out below.
- 16.9 Super Over Procedure
- The following procedure will apply should the provision for a Super Over be required in any match.
- 16.9.1 Subject to weather conditions the Super Over will take place on the scheduled day of the match at a time to be determined by the match referee/umpires. In normal circumstances it shall commence 10 minutes after the conclusion of the match. For the avoidance of doubt, the Super Over may take place after the scheduled time plus extra time has elapsed.

- 16.9.6 Any penalty time being served in the main match shall be carried forward to the Super Over.

- 16.9.7 Each team's over is played with the same fielding restrictions as those that are in place for the last over of a normal match.
- 16.9.8 The team batting second in the match will bat first in the Super Over.
- 16.9.9 The fielding Captain or their nominee shall select the ball with which the player wishes to bowl their over in the Super Over from the box of spare balls provided by the umpires. Such box to include the balls used in the main match, but no new balls. The team fielding first in the Super Over shall have first choice of ball. The team fielding second may choose to use the same ball as chosen by the team bowling first. If the ball needs to be changed, then Playing Conditions as stated for the main match shall apply.

- 16.9.11 If the Super Over is a tie, then subsequent Super Overs shall be played until there is a winner. There shall be an unlimited amount of Super Overs played to achieve the result. The following conditions will apply to the subsequent Super Overs
- 16.9.12 In normal circumstances any subsequent Super Overs will start 5 minutes after the preceding Super Over. The interval shall be 5 minutes.

- 16.9.14 Any batter dismissed in any previous Super Over shall be ineligible to bat in any subsequent Super Over.
- 16.9.15 Any bowler who bowled in the previous Super Over shall be ineligible to bowl in the subsequent Super Over.
- 16.9.16 In all other ways the procedure for a subsequent Super Over shall be the same as for the initial Super Over.
- 16.9.17 The same ball will be used for subsequent Super Overs, unless umpires believe it needs to be changed for any reason. If the ball needs to be changed, then Playing Conditions as stated for the main match shall apply.
- Where the Super Over or subsequent Super Overs are abandoned for any reason prior to
- 16.9.18 completion, then the Team which finished higher on the points table at the end of regular season pool play shall be declared the winner.
- 16.9.19 In the circumstances where NZC has unavoidable time restraints, it shall limit the number of possible Super Overs and advise the teams either pre-match, or prior to the final Super Over.

17. LAW 17 – THE OVER

Law 17 shall apply.

18. LAW 18 – SCORING RUNS

Law 18 shall apply.

19. LAW 19 – BOUNDARIES

Law 19 shall apply subject to the following:

19.1 Law 19.1 Determining the boundary of the field of play

Law 19.1 shall apply and in addition:

- (a) No boundary shall exceed 65m from the centre of the pitch; and
- (b) No boundary shall be less than 55m from the centre of the pitch

19.2 Law 19.2 Identifying and marking the boundary

Law 19.2 shall apply and in addition:

All boundaries must be designated by a rope or similar object of a minimum standard as authorised by NZC from time to time. Where appropriate the rope should be a required minimum distance (3 yards / 2.74 metres) inside the perimeter fencing or advertising signs. For grounds with a large playing area, the maximum length of boundary should be used before applying the minimum 3 yards (2.74 metres) between the boundary and the fence.

20. LAW 20 – DEAD BALL

Law 20 shall apply.

21. LAW 21 – NO BALL

21.1 Free Hit

The delivery following a “no ball” called (all modes of “no ball”) shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of “no ball” or a “wide ball”) then the next delivery will become a free hit for whichever batter is facing it.

For any free hit, the striker can be dismissed only under the circumstances that apply for a “no ball”, even if the delivery for the free hit is called “wide ball”.

Neither field changes nor the exchange of individuals between fielding positions are permitted for free hit deliveries unless:

- (a) there is a change of striker; or
- (b) the “no ball” was the result of a fielding restriction breach in which case the field may be changed to the extent of correcting the breach.

For clarity, the bowler can change their mode of delivery for the free hit delivery. In such circumstances Law 21.1 shall apply.

The umpires will signal a “free hit” by (after the normal “no ball” signal) extending one arm straight upwards and moving it in a circular motion.

22. LAW 22 – WIDE BALL

22.1 Judging a Wide

22.1.1 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definition in clause 22.1.2:

22.1.1.1 the ball passes wide of where the striker is standing, and which also would have passed wide of the striker standing in a normal guard position.

22.1.1.2 the ball passes above the head height of the striker standing upright at the popping crease.

22.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for them to be able to hit it with the bat by means of a normal cricket stroke.

22.1.3 Umpires are instructed to apply very strict and consistent interpretation in regard to this clause in order to prevent negative bowling wide of the wicket.

23. LAW 23 – BYE AND LEG BYE

Law 23 shall apply.

24. LAW 24 FIELDER'S ABSENCE; SUBSTITUTES

24.1. Fielder absent or leaving the field

Law 24 shall apply (excluding Laws 24.2.8 and 24.2.9) subject to the following:

Law 24.1. shall apply and in addition:

Squad members of either team who are not in the playing 11 and not involved in play (e.g. as a substitute fielder) shall be required to wear a team training bib whilst on the playing area or the area between the boundary and the perimeter fencing.

The restrictions set out in Law 24.2 shall only apply once the player has been absent from the field for longer than 8 minutes.

Law 24.2.3 shall be replaced by the following:

A player's unserved penalty time shall be limited to a maximum of 80 minutes.

25. LAW 25 BATTER'S INNINGS; RUNNERS

Law 25.5 shall not apply.

A runner for a batter is not permitted.

26. LAW 26 – PRACTICE ON THE FIELD

Law 26 shall apply, subject to the following.

26.1 Law 26.1 Practice on the pitch or the rest of the square

The following shall replace Law 26.1:

26.1.1 The use of the square for practice on any day of a match will be restricted to any specified practice areas on the square set aside and allocated by the Turf manager for that purpose at the turf managers discretion.

26.1.2 Bowling practice on the bowling strips referred to in 26.1.1 above shall also be permitted during the interval (and change of innings) unless the umpires consider that in the prevailing conditions of ground and weather it will be detrimental to the surface of the square.

Note – there shall be no practice of any kind, at any time, on any day of the match, on the pitch.

26.2 Law 26.2 Practice on the outfield

Law 26.2.2 shall be replaced by the following:

Between the call of “Play” and the call of “Time” there shall be no bowling or batting practice on the outfield. Bowling a ball, using a short run up to a player in the outfield is not to be regarded as bowling practice but shall be subject to the Law.

27. LAW 27 - THE WICKET-KEEPER

Law 27 shall apply.

28. LAW 28 THE FIELDER

28.1 Field restrictions

28.1.1 At the instant of delivery, there may not be more than five fielders on the leg side

28.1.2 In addition to the restriction contained in HBSJ Condition 28.1.1 above, further fielding restrictions shall apply to certain overs in each innings. The nature of such restrictions and the overs during which they shall apply are set out in the following paragraphs.

28.1.3 The following fielding restrictions shall apply:

Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 23 metres. The semi-circles shall be linked by two parallel straight lines drawn on the field. (Refer Appendix 1).

The fielding restriction areas should be marked by continuous painted white lines or ‘dots’ at five yard (4.57 metres) intervals, each ‘dot’ to be covered by a white plastic or rubber (but not metal) disc measuring seven inches (18 cm) in diameter.

At the instant of delivery:

- (a) Powerplay: (block of 10 overs for an uninterrupted match) no more than two (2) fielders shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 1 to 10 inclusive.

During non-Powerplay overs, no more than four (4) fielders shall be permitted outside this fielding restriction area.

28.1.4 In circumstances when the number of overs of the batting team is reduced, the number of overs within each phase of the innings shall be reduced in accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

Innings duration	Powerplay
20-22	4
23-27	5
28-32	6
33-37	7
38-42	8
43-47	9
48-49	10

28.1.5 If play is interrupted during an innings and the table in HBJS Condition 28.1.4 applies, the Powerplay takes immediate effect. For the avoidance of doubt this applies even if the interruption has occurred mid-over.

Example:

- (a) If following an interruption, on resumption the total number of Powerplay 1 Overs for the innings has already been exceeded, then there will be no further Powerplay deliveries bowled in the innings.

Note: that this is the only circumstance under which the Powerplay status can be changed during an over. A 50 over innings is interrupted after 8.3 overs, and on resumption has been reduced to 28 overs. Powerplay 1 overs are 6 and have already been completed. Non-Powerplay restrictions take effect immediately and do not need to wait until the end of the over.

28.1.6 In the event of an infringement of any of the above fielding restrictions, the square leg umpire shall call and signal “no ball”.

41.1 Law 41.3 – The match ball -changing its condition

Law 41.3.2.1, 41.3.4 and 41.3.5 shall be replaced by the following:

A fielder may however:

Polish the ball on their clothing provided no artificial substance is used, that the only natural substance that is used is sweat, and that such polishing wastes no time.

If the umpires believe that saliva has been applied to the ball, the umpires shall:

- a) If it is a first instance during an innings, summon the captain of the fielding side and issue a first warning.
- b) If it is a second instance during an innings, summon the captain of the fielding side and issue a second and final warning and warn the captain of the fielding side that any further such offence by any member of the team during the innings shall result in the award of 5 Penalty runs to the batting side.
- c) If it is a third or subsequent instance, award 5 Penalty runs to the batting side.
- d) The ball shall not be changed but the umpires shall wipe the ball with an appropriate cloth.
- e) Use of saliva in breach of Law 41.3.2.1 above shall not, in and of itself, be considered an offence under the NZC Code of Conduct.

If the umpires together agree that the deterioration of the ball is greater or inconsistent with the use it has received, they shall consider that there has been a contravention of this Law. They shall then decide together whether they can identify the player(s) responsible for such conduct.

If it is possible to identify the player(s) responsible:

- (a) the ball shall be changed forthwith. The batter at the wicket shall choose the replacement ball from a selection of six other balls of various degrees of usage (including a new ball) and of the same brand as the ball in use prior to the contravention; and
- (b) the bowler's end umpire shall:
 - (i) Award 5 penalty runs to the batting team;
 - (ii) Inform the Captain of the fielding team of the reason for the action taken;
 - (iii) Inform the Captain of the batting team as soon as practicable of what has occurred;
 - (iv) Together with the other umpire, report the incident as is appropriate against the player(s) responsible for the conduct under the NZC Code of Conduct.

If it is not possible to identify the player(s) responsible:

- (c) the ball shall be changed forthwith. The umpires shall choose the replacement ball for one of similar wear and of the same brand as the ball in use prior to the contravention; and

- (d) the bowler's end umpire shall:
 - (i) issue the captain with a first and final warning; and
 - (ii) advise the captain that should there be any further incident by that team during the remainder of the match, steps (b)(i)-(iv) above will be adopted, with the captain deemed under (iv) to be the player responsible.

41.2 Law 41.6 - Bowling of dangerous and unfair short pitched deliveries

- (a) Law 41.6 shall apply however Law 41.6.2 and Law 41.6.3 shall be replaced by the following:
- (b) A bowler shall be limited to two fast short-pitched deliveries per over.
- (c) A fast short-pitched ball is defined as a ball which passes or would have passed above the shoulder height of the striker standing upright at the crease.
- (d) The umpire at the bowler's end shall advise the bowler and the batter on strike when each fast short-pitched delivery has been bowled.
- (e) In addition, for the purpose of this regulation, a ball that passes above head height of the batter, that prevents the player from being able to hit it with their bat by means of a normal cricket stroke shall be called a "wide".
- (f) For the avoidance of doubt any fast short-pitched deliveries that is called a "wide" under this Playing Condition shall also count as the two allowable short pitched deliveries in that over.
- (g) In the event of a bowler bowling more than two fast short-pitched deliveries in an over as defined in paragraph (a) above, the umpire at the bowler's end shall signal "no ball" on each occasion. A differential signal shall be used to signify this fast short-pitched delivery. The umpire shall call and signal "no ball" and then tap the head with the other hand.
- (h) If a bowler delivers a third fast short-pitched ball in an over, not only must the umpire call "no ball" but when the ball is dead, they shall caution the bowler, inform the other umpire, the captain of the fielding side and the batsmen of what has occurred. This caution shall apply throughout the innings.
- (i) If a bowler is "no balled" a second time in the innings for the same offence, the umpire shall advise the bowler this is their final warning. This warning shall also apply throughout the innings.
- (j) A third such offence in the same innings shall cause the umpire to invoke Law 41.6.4 i.e., the bowler shall be removed forthwith and cannot bowl again in that innings.

41.3 Bowling of dangerous and unfair non-pitching deliveries

- 41.3.1 Any delivery, which passes or would have passed, without pitching, above waist height of the striker standing upright at the popping crease, is to be deemed to be unfair, whether or not it is likely to inflict physical injury on the striker. If the bowler bowls such a delivery the umpire shall immediately call and signal No ball.

If, in the opinion of the umpire, such a delivery is considered likely to inflict physical injury on the batter by its speed and direction, it shall be considered dangerous. When the ball is dead the umpire shall caution the bowler, indicating that this is a first and final warning. The umpire shall also inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.3.2 Should there be any further instance (where a dangerous non-pitching delivery is bowled and is considered likely to inflict physical injury on the batter) by the same bowler in that innings, the umpire shall:

- i. call and signal No ball
- ii. when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling
- iii. inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

Additionally, the umpire shall:

- i. report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.3.3 The warning sequence in clauses 41.3.1 and 41.3.2 is independent of the warning and action sequence in clause 41.2.

41.3.4 If the umpire considers that a bowler deliberately bowled a high full-pitched delivery, deemed to be dangerous and unfair as defined in clause 41.3.1, then the caution and warning in clause 41.3.1 shall be dispensed with. The umpire shall:

- i. immediately call and signal No ball.
- ii. when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling and inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

- i. report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

42. LAW 42 – PLAYERS’ CONDUCT

- Law 41.4 Deliberate attempt to distract striker
- Law 41.5 Deliberate distraction, deception or obstruction of batter
- Law 41.6 Bowling of dangerous and unfair short pitched deliveries
- Law 41.7 Bowling of dangerous and unfair non-pitching deliveries
- Law 41.8 Bowling of deliberate front-foot “no ball”
- Law 41.9 Time wasting by the fielding side
- Law 41.10 Batter wasting time
- Law 41.12 Fielder damaging the pitch
- Law 41.13 Bowler running on the protected area after delivering the ball
- Law 41.14 Batter damaging the pitch
- Law 41.15 Striker in protected area
- Law 41.16 Batter stealing a run

Law 42 Player’s conduct. See NZC Code of Conduct for disciplinary procedures.

44. LIMITATION OF OVERS FOR UNDER AGE PACE BOWLERS

- 44.1 All pace bowlers (defined as bowlers where the wicketkeeper would normally stand back) are subject to a limitation of overs allowed to be bowled per day. This rule is made in the interests of player safety and follows extensive research findings.
- 44.2 Coaches are asked to apply the rule strictly and not try to avoid it by bringing up the wicketkeeper artificially. Player safety must be placed as a higher priority than match results, and the NZC High Performance Unit suggests that fast bowlers bowl no more than three days in a row. This applies to U17 and U19 players.
- 44.3 In the event of any dispute the matter should be referred to NZC’s GM High Performance whose ruling will be final.
- 44.4 The following rules shall apply:
 - (a) If a player is aged under 17 as at 1 September 2023, they will be restricted to a bowling load of six overs in any one spell of one day cricket.
 - (b) If a player is aged under 19 as at 1 September 2023, they will be restricted to a bowling load of six overs in any spell of one day cricket.
 - (c) At the completion of a bowler’s spell, the bowler may not bowl again until the equivalent number of overs, as the length of that spell are bowled, from the same end.

- (d) In the event bad weather or light conditions cause a continuous suspension of play, upon resumption of play a bowler may commence a new spell providing the break from their previous bowling spell is of at least one hour duration.

45. SIGHTSCREENS

These shall be black and be placed outside the agreed boundary.

46. SCOREBOARD

Provision will be made for the scoreboard to show the total number of overs bowled and the number of overs bowled by individual bowlers. Provision will also be made to show the progressive Duckworth Lewis Stern par score in all matches.

47. COLOURED CLOTHING AND EQUIPMENT

Pads, and players and umpires clothing shall be coloured.

48. TELEVISED MATCHES

48.1 Televised Matches

In televised matches where a TV umpire has been appointed, and there is still doubt remaining after consultation between the on-field umpires, the procedure to follow will be as listed in 48.1.1 – 48.1.7 below.

48.1.1 In all televised one day matches, the on-field umpire shall be entitled to refer for a TV replay to assist them in making a decision, including being able to check on a possible “no ball” regarding the number of players in the circle.

48.1.2 An on-field umpire wishing to refer a decision to the TV umpire shall signal to the TV umpire by making the shape of a TV screen with their hands. For all Out/Not Out referrals the TV umpire’s decision will be relayed on the big screen.

48.1.3 For all Boundary checks, “no ball” checks, etc. the final decision will be signalled on field by the bowler’s end umpire.

48.1.4 In the unlikely event, where the TV umpire has lost audio or video communication with the TV Director, the on-field umpires will not refer any decisions to the TV umpire. The fielding captain and batter will be advised when this occurs and as soon as it is fully restored.

48.1.5 Run out, Stumping and Hit Wicket Decisions

The on-field umpire shall be entitled to refer an appeal for a run out, stumping or hit wicket to the TV umpire.

- (a) In the case of a referral of a hit wicket or stumping decision, the TV umpire shall first check the fairness of the delivery. (All modes of “no ball” except for the bowler using an illegal action [for clarity, a specific type of banned delivery can be reviewed and called “no ball”]).
- (b) If the delivery was not a fair delivery they shall indicate that the batter is not out and advise the on-field umpire to signal “no ball”.
- (c) Additionally, if the TV umpire finds the batter is out by another mode of dismissal (excluding LBW) or not out by any mode of dismissal (excluding LBW), they shall notify the on-field umpire so that the correct decision is made.

- (d) If the TV umpire decides the batter is out a red light is displayed, a green light means not out. Should the TV umpire be temporarily unable to respond, a white light (where available) will remain illuminated throughout the period of interruption to signify to the on-field umpires that the TV replay system is temporarily unavailable, in which case the decision will be taken by the on-field umpire. (As an alternative to the red/green light system and where available, the big screen may be used for the purpose of conveying the TV umpire's decision).

48.1.6 Fair Catch Decisions, Obstructing the Field

- (a) The on-field umpire shall be entitled to refer an appeal for a fair catch decision to the TV umpire in the circumstances set out below.
- (b) The on-field umpire must be satisfied that the ball has hit the bat, before referring a caught decision to the TV umpire.

For clarity, the TV umpire is not to determine if the ball has hit the bat.

- (c) Should the bowler's end umpire be unable to decide whether or not a catch was taken fairly, or if the catch was taken from a bump ball, or if, on appeal from the fielding side, the batter obstructed the field, they shall first consult with the square leg umpire.
- (d) Should both on field umpires require assistance from the TV umpire to make a decision, the bowler's end umpire shall firstly make a decision on field after consulting with the other umpire, then they shall consult by two-way radio with the TV umpire.

Such consultation shall be initiated by the bowler's end umpire to the TV umpire by making the shape of a TV screen with their hands, followed by an out or not out soft signal. If the TV umpire advises that the replay evidence is inconclusive, the on field decision communicated at the start of the consultation process shall stand.

- (e) The TV umpire must determine whether the batter has been caught, or if the batter obstructed the field.

However, when reviewing the TV replay(s) the TV umpire shall first check the fairness of the delivery for decisions involving a catch (all modes of "no ball" except for the bowler using an illegal action), If the delivery was not a fair delivery, the TV umpire shall indicate to the on-field umpire that the batter is not out caught and advise the on-field umpire to signal "no ball".

Additionally, if it is clear to the TV umpire that the batter is out by another mode of dismissal (excluding LBW) or not out by any mode of dismissal (excluding LBW) they shall notify the on-field umpire so that the correct decision is made.

For clarity, the TV umpire shall not check for another mode of dismissal when there is an appeal for obstructing the field.

- (f) A fielder, who had allowed a batter to walk after claiming a catch that is subsequently shown on replay not to have carried, could be the subject of a report under the NZC Code of Conduct.

48.1.7 Boundary Decisions

- (a) The on-field umpire shall be entitled to refer to the TV umpire for a decision about whether the fielder had any part of their person in contact with the ball when he touched the boundary or when the player had any of their person grounded beyond the boundary, or whether a four or six had been scored. A decision is to be made immediately and cannot be changed thereafter.
- (b) If the television evidence is inconclusive as to whether or not a boundary has been scored, the status quo will remain, and it shall be treated as runs scored by the batting side.
- (c) An on-field umpire wishing the assistance of the TV umpire in this circumstance shall communicate with the TV umpire by use of a two-way radio and the TV umpire will convey their decision to the on-field umpire by this method.
- (d) The TV umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows a boundary line infringement or incident that appears not to have been acted upon by the on-field umpires.

48.1.8 Batter running to the same end

- (a) In the event of a runout where both batters are stranded in the middle; or run to the same end, and the umpires are uncertain over which batter is out, or made their ground first, the on-field umpire may refer the runout decision to the TV umpire.

48.1.9 No Balls

If the on-field umpire is uncertain as the fairness of the delivery following a dismissal, either affecting the validity of the dismissal or which batter is dismissed, they shall be entitled to request the batter to delay leaving the field and to check the fairness of the delivery (all modes of “no ball” except for the bowler using an illegal action - for clarity, a specific type of banned delivery can be reviewed and called “no ball”) with the TV umpire.

Consultation with the TV umpire shall be undertaken via two-way radio.

If the delivery was not a fair delivery, the on-field umpire shall indicate that the batter is not out, and signal “no ball”.

The height of a delivery may be reviewed (once the ball becomes dead) if either of the on field umpires or the TV umpire, is of the opinion that a delivery may have passed on the full above waist height of the striker standing upright at the popping crease, or a short pitched delivery is in excess of that permitted, irrespective of whether it was a dismissal or not.

Consultation shall be undertaken via two-way radio by the on-field umpires followed by the bowler’s end umpire signal to the TV umpire by making the shape of a TV screen with their hands. The TV umpire shall check the fairness of the delivery (all modes of “no ball”). If the delivery was not a fair delivery the bowler’s end umpire shall call and signal “no ball”.

NZC has an obligation to inform all participants about the Rules and the Prohibited List (as contained in the Rules) and particularly to educate all participants.

NZC establishes that there is no place for the improper use of drugs and doping practices in cricket and believes it is against the ethics of the game, not to mention the potentially harmful effects it can

have on athletes' health. Cricketers should be under no illusions about the serious implications of violating the Anti-Doping Rules. It is absolutely imperative that the Anti-Doping Rules are read and understood, that there is an awareness of the Anti-Doping Rule violations included in the Rules and that the athlete is responsible for any medications or substances used.

53. ANTI-CORRUPTION CODE – BETTING ON MATCHES

Refer to the NZC Anti-Corruption Code for Participants.

54. CONCUSSION SUBSTITUTE

The following shall apply in addition to Law 1:

54.1 If the relevant Major Association Team Physio formally notifies the Match Referee of the diagnosis of a player with suspected concussion (Concussed Player), then a Concussion Substitute may be activated to take the place of the Concussed Player for the remainder of the match in accordance with this HBJs Playing Condition 54.

54.2 Formal notification in accordance with HBJs Playing Condition 54.1:

- (a) must be made verbally by the relevant Major Association Team Physio to the Match Referee or the Match umpire/s to be relayed to the Match Referee (if made on the field of play);
- (b) must be followed up in writing from the relevant Major Association Team Physio to the Match Referee as soon as practicable after making the verbal notification; and
- (c) requires the relevant Major Association Team Physio to provide the Match Referee with a copy of the completed written SCAT 3 test for that incident as soon as practicable.

54.3 A Concussion Substitute:

- (a) cannot be activated without the formal notification of the diagnosis of the suspected concussion of the Concussed Player to the Match Referee; and
- (b) can be activated in accordance with and subject to this HBJs Playing Condition 54 at any time during the remainder of the match following the formal notification.

54.4 There is no obligation for a team to immediately or subsequently activate a Concussion Substitute following any formal notification/s made in accordance with HBJs Playing Condition 54.1.

54.5 Following the notification at HBJs Playing Condition 54.1, if the Concussed Player's team wishes to activate the Concussion Substitute, it must have its captain (or coach where the captain cannot practically do so) formally notify the Match Referee of its election to activate a Concussion Substitute for that Concussed Player.

54.6 The nominated 12th will be the Concussion Substitute therefore it might not be a like-for-like player substitution.

54.7 Once approved by the Match Referee the Concussion Substitute may immediately participate in the match concerned as a complete replacement player for the Concussed Player. To be clear, the Concussion Substitute can bat, bowl or field as though the player was a member of the starting XI.

- 54.8 If, at the time of activation, the Concussion Substitute is replacing a:
- (a) Concussed Player that has “retired not out” during their team’s current batting innings, the Concussion Substitute may only bat in that innings (where possible) as though the player was a batter returning to their innings; or
 - (b) Concussed Player from the fielding team, the Concussion Substitute may enter play pursuant to Law 24.2 as though the player was a member of the fielding team returning to play.
- 54.9 Once replaced by a Concussion Substitute, a Concussed Player may take no further part in the match concerned.
- 54.10 The restrictions in Law 24.2 shall not apply if the player is a Concussion Substitute that has been activated in accordance with HBSJ Playing Condition 54 and who is initially entering the field of play in replacement of a Concussed Player.
- 54.11 If a team travels with 13 players, or if the home MA team has a squad of more than 12 players present at the match, those players cannot become a Concussion Substitute. It must be the nominated 12th man.

55. **THE NZC PACE OF PLAY CODE**

- (m) The above, shall not detract from the right of the umpires to take action under Law 42 and to lay charges against the offending players under the NZC Code of Conduct for time wasting.
